

# A Business for Life

The most unique and exciting part about the Arkworld Business opportunity is that you don't need any previous experience or special skills to succeed, apart from a willingness to work and a desire to learn. You will not be alone. Your sponsor and up line organisation will work with you and teach you how to start earning money immediately.

Through your own efforts, plus the support and encouragement of the whole Arkworld organisation, you have everything you need to succeed. An opportunity that pays you what you're worth. As Arkworld turns dreams into reality the most exciting part about it is that it's a **Business for Life**, that can be passed down to your family and their family too and it's just the beginning.

As a result of watching his father's health decline through cancer, that eventually took his life, Mark Landon vowed to commit his life to helping others receive the best health and nutrition possible, so that they wouldn't have to suffer in the same way.

Also because of the lack of honesty and integrity in the industry, Mark wanted to develop a company that would be totally different from everybody else, with the best marketing plan and business opportunity in the world. With a support system and a strong leadership second to none.

Arkworld was born with a philosophy behind it that no one had ever seen before. Marks goal, dream and founding philosophy of taking better health and prosperity around the world, while changing the face of the industry, has now begun. Arkworld delivers the finest quality nutritional ingredients and botanical factors in its products in the world today. **A Company run by Distributors, instead of Distributors run by a company**

Marks dedication with Arkworld, to its cause and family of Distributors is just one of the reasons why Arkworld is truly a business for life. Born out of a personal tragedy in Marks life and the frustration of seeing so many companies promise so much and yet deliver so little.

## 'A Company that Cares'

Arkworld is truly born out of love and a need to help people! Arkwords' **New Ark Family Foundation** that Mark put together in the beginning goes a long way to help others who are a lot less fortunate than ourselves, but it is only the beginning. As Arkworld continues to expand country by country and new distributors join the family all over the world, this can make such a huge difference too many peoples lives.
